Join us this October at the Speech & Hearing Center for

Lil’ Champ: A baby sign class

Baby Champ is 45-minute class 1x/week for 6 weeks to introduce parents and children to the benefits of baby sign. This class is appropriate for children ages 10 months to 15 months with and without special needs. Cost: $30/6-week session. Day/time: TBD.

**BENEFITS OF BABY SIGN INCLUDE:**

- Boosts early communication skills: The ability to sign basic words could prove helpful in boosting communication and providing a “bridge to the spoken word.”
- Decrease communicative frustration/tantrums
- Increases receptive and expressive vocabulary
- Can lead to better reading and spelling skills later on
- Promotes development of fine motor skills
- Enhances communicative interaction and bond between parent and child
