Supporting Literacy in Children with Childhood Apraxia of Speech

Children with Childhood Apraxia of Speech are at risk for reading problems even as their overall speech production skills improve. This summer, supplement your child’s experience at CHAMP Camp with individualized, one-on-one literacy instruction that targets the following skills:

- **Phonological Awareness**
- **Phonics**
- **Vocabulary Development**

**What**: 50-Minute Literacy Sessions (Includes Initial Screening)

**When**: July 19-22; 26-29 (Shortly after completion of Camp)

**Where**: GWU Speech and Hearing Clinic

**Cost**: $150
